In this section, we will discuss the following:

- *The use of Budget Calendars.*
- *How Budget Calendars help the local official.*
- *The use of Financial Reporting Calendars.*

BUDGET CALENDARS AND FINANCIAL REPORTING SCHEDULES

The Department of Local Government Finance provides a budget calendar to local officials each year to provide timelines for the advertisement and adoption procedures required by law. Although the calendar is not prescribed by law, the dates are statutory requirements for the proper advertisement and adoption of ensuing year budgets. The calendar also contributes to the effective administration of the budget process. Many levels of government are involved in the review and approval of a local budget. Strict compliance with the reporting or activity dates set by the Department of Local Government Finance allows all involved to fulfill their statutory duties while better managing their time. If nothing else, following the established Budget Calendars at least allows every local official to plan his or her time more efficiently.

A Budget Calendar refers to the schedule of events prescribed by IC 6-1.1-17-5 and IC 5-3-1-2. Every level of government must accomplish certain actions to complete its budget and the dates on which, or no later than which, these actions may occur are established by law.

In addition, the state has established schedules of periodic reports or submissions related to the budget. Financial Reporting Calendars, which set out these reporting schedules, are therefore included, following the appropriate Library Budget Calendars.
